**RE: Endorsement**

Dear Angelique:

On behalf of the Rental Housing Association of Sacramento Valley's (RHA) Political Action Committee, I am pleased to inform you that we have endorsed your candidacy for Sacramento City Council.

RHA represents professional, ethical owners and managers of residential rental properties. We promote the highest industry standards in our education offerings and believe that effective partnerships enhance the communities where we live and work.

We share a common vision of reducing blight in our neighborhoods and enforcing local laws that punish irresponsible rental owners and property managers by using existing regulations.

RHA looks forward to developing an effective partnership with you that will benefit the constituents you serve and the members we represent.

Sincerely,

*Cory Koehler*
